PRODUCT DATA SHEET

TUFKLEEN AT-803 HEAVY DUTY, MULTI-PURPOSE INDUSTRIAL CLEANER/ DEGREASER

TUFKLEEN AT-803 is a concentrated water soluble heavy duty multi-purpose industrial cleaner / degreaser that is unbeatable for any tough cleaning job and gentle on the environment. Chemically breaks down even baked on carbonised soils, crusted dirt, heavy oils, greases and sludges etc. It also works great in dip tanks and high-powered spray applications, steam cleaning operations, cleaning of metal files, glass surface, enamel and waxy surfaces.

PROPERTIES:

- * Water soluble
- * Non-flammable
- * Fast acting
- * Safe on rubbers, concrete and most metal surfaces
- * Completely biodegradable
- * Requires no heating
- * Economical-mass dilution for wide coverage per liter

AREAS OF APPLICATION:

TUFKLEEN AT-803 is formulated to renovate and maintain machines, tools, glasses, floors, ceramics etc.

- * Degreasing Engine and Machine parts
- * Cleaning and stripping floor surfaces
- * Cleaning Ovens, Grills, Fryers and other Food preparation equipments
- * Spot cleaning stubborn stains
- * Cleaning Buses, Trains, Aeroplanes, Trucks, Tractors, Farm Equipments, Ships and Rigs Decks
- * Engine Rooms
- * Removing Oil and Grease From Concrete

DIRECTIONS:

- 1 -3 parts of water for heavy duty cleaning
- 1 - 10 parts of water for normal cleaning
- 1 - 20 parts of water for light cleaning

Apply on surface to renovate and let it soak for a few minutes. Wipe off with a clean cloth. TUFKLEEN AT-803 leaves no residue.
